DETAIL ACTION

Reasons For Allowance

1. Claims 2-11 are allowed.
2. The following is an examiner's statement of reasons for allowance: the prior art of record fails to enhance as well as to improve a vehicular lamp in case of breaking by establish an impedance changing unit operable to change impedance between two power transmission lines for transmitting a power to a light source in a case where a breaking detection unit detected said breaking, wherein said breaking detection unit notifies the outside of said lamp body of information indicating said breaking by making said impedance changing unit change said impedance as required in claim 4 or the light source receives said power that intermits at a predetermined period, said breaking detection unit detects said breaking during a time period in which said light source receives said power, said vehicular lamp further includes a holding capacitor operable to hold a value indicating whether or not said breaking detection unit detected said breaking as required in claim 7.
3. The remaining dependent claims are allowable for at least above reason.
4. The prior art made of record and not relied upon is considered pertinent to applicants' disclosure. None of record prior arts stands alone or combination with others discloses all limitation required in claim invention.

Remarks

Amendment filed January 04, 2005 has been entered.

Correspondence

Any comments considered necessarily by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue
